Report To The Community

Our mission: to optimize the quality of life
for all people living with cancer.

Lifeline for emotional support (206) 297-2500 or 1 (800) 255-5505 & Lifeline Chat  • Monday-Friday 9am-5pm

Who We Are

For nearly 50 years, Cancer Lifeline has responded to the needs of our local cancer community by producing highly effective classes, professionally facilitated support groups, and timely financial assistance programs that empower cancer patients and their caregivers. Through the work of our dedicated professionals and volunteers trained in active listening, we meet people wherever they are on their cancer journey.

In 2021, Cancer Lifeline continued to offer all of our programming online. In doing so we served more clients, including cancer patients with limited mobility. As a result, we saw participation in our programs increase by 15%.

With your support, Cancer Lifeline continues to improve lives by providing vital support, resources, and connectivity to some of our community's most vulnerable people.

Who We Serve

Program Highlights

In 2021 we saw an increase in the number of male participants over previous years. We credit this to our Prostate Cancer Support Group and our Counseling Program.

We created more programming for families, caregivers, and children, increasing the number of clients we serve under the age of 54.
